Hereinafter referred to as the "Seller".

ARTICLE 1. GENERAL SCOPE OF TERMS AND CONDITIONS

The present general terms and conditions apply to

- All ski lift Passes (hereinafter referred to as "Pass(es)") sold by the Seller, which allow access to the ski areas of Arcs/Peisey-Vallandry or Paradiski (space linking to La Plagne ski area, operated by the Société d'Aménagement de la station de la Plagne, hereinafter referred to as "SAP").
- All the recreational and athletic activities commercialised by the Seller, other than the sale of Passes (hereinafter referred to as the "Activities").

It is specified that the Seller proposes three types of Passes, namely:

- The "**Classic Pass**", a ski lift pass allowing access to the ski area of Arcs/Peisey-Vallandry. All Activities require a supplementary purchase.
- The "**Essential Pass**", a ski lift pass allowing access to the ski area of Paradiski and including certain Activities as well as advantages with our partners of the resort.
- The "**Premium Pass**", a ski lift pass allowing access to the ski area of Paradiski and including more Activities as well as advantages with our partners of the resort.

Details of these Passes are posted at all the points of sale and can be found online at www.lesarcs-peiseyvallandry.ski (hereinafter the "Website").

Moreover, the Activities can either be sold separately (except for fast lines) or combined with the Essential Pass or Premium Pass.

The present general terms and conditions are applicable from 19th October 2020 and valid exclusively for the winter season.

The terms of sale of Passes valid for the summer season are defined in a separate document.

These general terms and conditions are supplemented by the General Terms and Conditions of Use of Ski Lift Passes, attached.

Online purchases (Website, automatic kiosks or mobile phone application) are also subject to the Specific Terms and Conditions for Online Sales posted at the corresponding sales channel.

Should any provision herein be found lacking, it shall be considered governed by the current applicable practices in the ski lift industry for companies whose registered office is located in France.

Obtaining a Pass and/or purchasing an Activity implies that the individual (hereinafter referred to as "Client(s)") has full knowledge of and accepts all the present general terms and conditions, without prejudice to usual methods of recourse.

These conditions concern exclusively natural persons identified as consumers as defined by the preliminary article of the Consumer Code.

The Client acknowledges all responsibility to be informed about the Passes and, if applicable, the Activities and their proposed tariffs and to select the most suitable option. Under no circumstance shall the Seller be held liable for the Client's choice.

Reminder: These general conditions of sale may be subject to subsequent amendments; the version applicable to the purchase of the Client shall be the version in effect on the day of entering into the contract.

ARTICLE 2. GENERAL CONDITIONS OF THE SALE OF PASSES

Article 2.1 Description of Passes

The present general terms and conditions apply specifically, without restriction or reservation, to any purchase of Passes sold by ADS:

- In the sales outlets of the resort;
- On <http://www.lesarcs-peiseyvallandry.ski> (hereinafter the "Website");
- On the purchase/recharging terminals made available in certain sales outlets;
- On the "Paradiski Yuge" mobile application.

The duration of a Pass stating the number of days implies "consecutive days" of a specific dated period.

Are also offered for sale and in accordance with the price guides referred to in Article 2.4:

- "Non-Consecutive Days Passes" over a dated period of time: Their period of validity is the ongoing winter season. At the end of the season or specified period, if the credit of days has not been completely used, the remaining credit cannot be carried over to a later season, nor refunded or exchanged.

- "Consecutive Hours Passes": The number of hours is deducted without interruption, in a continuous manner, from the first passage through the first access point of the ski lift. If, when the ski lifts close, the credit of hour(s) has not been completely used, the remaining hour(s) credit or fraction thereof cannot be carried over to a later date, nor refunded or exchanged.

The Seller, in its capacity as an Intermediary Insurance Agent, proposes the purchase of a "Carré Neige" insurance contract to the Client, in addition to the Pass purchase. This contract is subject to the insurance conditions, which the Client may consult at points of sale or download either directly from its website www.carreneige.com or through a hypertext link on the Seller's Website.

IMPORTANT:

The issuance of each **Pass** results in a **proof of purchase**, which states the ski area and category (full rate, reduced rate, etc.), the date limit of validity, the recharge number of the Pass, and, if applicable, any insurance subscription (hereinafter referred to as "**Proof of purchase**").

This proof of purchase must imperatively remain in the possession of the Client, who must be able to present it to the Seller upon demand in case of inspection or specific circumstances (e.g. emergency, loss or theft of Pass, misuse, complaint).

Article 2.2 Physical medium of passes

The Pass is issued on a physical medium containing a number, called the "recharge number."

The Pass is composed of a **physical medium** encoded with the ski lift pass, and, if applicable, the Activities and a **Proof of purchase**.

Depending on the category and duration of the Pass concerned, the latter is issued either in a "bar code" format, a "non-rechargeable chip card" or a rechargeable chip card referred to as a "ski-card".

The "ski-card" physical medium incorporates a chip encoded with the ski lift pass for access to one of the ski areas mentioned above.

All forms of physical medium are issued free of charge by the Seller.

All rechargeable physical medium issued by the Seller and in proper working order can be recharged by the Client at physical points of sale of the Seller, on automatic kiosks for purchasing/recharging, on the Website or through the mobile application "Paradiski Yuge".

The titleholder of a physical medium does not benefit from any reduction on the price of the Pass if recharged at a point of sale or online.

Article 2.3. Photograph of the Client

To purchase any type of "season" Pass, the Client must present a recent form of photo ID, showing the frontal view of the Client's face, without sunglasses nor head covering.

The photo will be kept by the Seller in the computer ticketing system to facilitate any subsequent recharging or reissuing of the Pass, on condition of the Client's prior consent (see "Protection of Personal Data").

Article 2.4 Tariffs

The public tariffs for Passes and Carré Neige insurance are posted at the Seller's points of sale and on the Website. Tariff charts are also available at the points of sale and Offices of Tourism.

These tariffs are expressed in Euros per person and are inclusive of all taxes; they are established based on applicable taxes at the time of publication of the tariff chart and are subject to modifications in the event of variations of applicable taxes.

Discounts and free products are offered to various categories of persons according to the conditions posted at points of sale or on the Website. These discounted or free products are issued upon presentation of official ID documents at the time of purchase to justify the relevant special rate.

Photocopies of ID will not be accepted. No discounts or free products shall be granted after purchase.

All discounts will be applied to the "full rate" of the Pass and cannot be combined with any other offer or promotion in progress.

Moreover, certain offers or promotions may be exclusively available and/or reserved for specific sales channels (e.g. website, mobile phone application).

In all cases, the age of the Client shall be determined by his age on the first day of the start of validity of the Pass to be issued.

Article 2.5. Interruption of ski lift operation

2.5.1. If the Client chooses a "4 hours" or "1 day" Pass

The Seller offers reduced rates on the "4 hours" or "1 day" Pass, in the event of bad weather or snow conditions that have a significant impact on ski-lift operating conditions. (See the conditions at cash register points).

2.5.2. If the Client chooses a "Stay" Pass (= 2 days or more, not including "season" Passes or non-consecutive-days Passes).

Only in the case of an **interruption of more than four (4) consecutive hours AND interruption of over fifty percent (50%) of the ski lifts** to which the Pass provides access - and except in cases of force majeure - will the Seller consider compensation for damage incurred by the Client who is the titleholder of a "Stay" Pass.

In this case, the Client can submit a compensation request at a reception desk or at a point of sale of the Seller or via the Website (section contact us).

Once the qualifying factors outlined in paragraph one of this section have been established, compensation is determined according to the number of days during which the Client could not use his Pass due to the interruption of service; the last day taken into consideration in all cases shall be the expiration day of the validity of the Pass in question.

The client may choose compensation among the options listed below (this choice is irrevocable and cannot be called into question for any reason whatsoever):

1. **Extension** of the duration of validity of the Pass concerned by issuing a new Pass, of the same type and of a duration equal to the number of compensable days as defined above (which shall begin on the day after the expiration of the initial Pass, or the first day of the resumption of service, if later than this date);
2. Receipt of a **credit voucher**, which must be used before the end of the winter season following the ongoing Season (S +1). The credit is issued in the form of a Pass for a duration equivalent to the number of compensable days as specified above;
3. **Reimbursement**, calculated on a pro-rata basis, according to the number of days the ski lifts were interrupted calculated on the purchase price of the relevant Pass.

For example, in the case of an interruption of more than 50% of the ski lifts as defined above for a period of three (3) days,

- A Client, titleholder of a Six (6) days Classic Pass will be reimbursed for 3/6^{ths} of the purchase price of his Classic Pass.

The Client cannot claim any sum or benefit exceeding the chosen compensation.

The compensation request, accompanied by the relevant documents (the original or scan of the Pass and Proof of purchase) must be provided to the Seller, in compliance with the procedure defined in **article 4.3** below. Compensation shall be rewarded no later than three (3) months following the receipt of all documents relating to the compensation request.

NB: Only Passes which were **obtained** and paid for directly by **the Client** to the **Seller** may result in **compensation**. In all other cases, the Client must refer to the General Conditions of Sale of the entity from whom the Pass was purchased.

NB: This compensation procedure is not applicable during the first week and last week of the winter season since reduced rates are already offered by the Seller during these periods.

Article 2.6. Closure of the ski area by decision of the public authorities due to the health crisis COVID 19

In the event of a health crisis with an administrative decision to close the ski area, the Customer has the possibility of requesting, free of charge, reimbursement of his/her Pass on the Website www.lesarcs-peiseyvallandry.ski ("contact us" section).

The amount of the refund will be calculated in proportion to the number of days closed by administrative decision during the period of validity of the Pass.

In the case of a "Season" Pass, the period taken into account to calculate the prorata temporis amount of the refund begins on the opening date of the resort and ends on the date of the initially scheduled closing. The refund can only be calculated once this closing date has been reached, in order to take into account the possibility of the ski area reopening during the season. Subject to having a complete file, the Seller then has 60 days to proceed with the refund.

Article 2.7. Reimbursement

In all cases where the Passes issued are neither used nor completely exhausted, except in the cases referred to in articles 2.5, 2.6 and 4.2, they will not be refunded or exchanged.

In all other cases where the Passes issued are not used or are not completely exhausted, they will not be refunded or exchanged.

The Client may subscribe to specific insurance which covers this type of risk and may also cover rescue fees in the event of an accident on the ski slopes or ski lifts. All related information is available at points of sale

In the event where the Seller's Activities are not utilised by the Client or if the Client's credit for the Activity is not completely used up, the remaining amount cannot be refunded or exchanged, except in the following two cases:

- **Cancellation by the Seller of the Activity due to bad weather or snow conditions;**
- **Cancellation by the Seller of the Activity due to insufficient number of registered Clients.**

If the Seller is not able to propose a postponement of the Activity during the Client's stay, the latter will be able to obtain the reimbursement of the said Activity based on:

- **The purchase price, if the Activity was bought separately;**
- **The preferential rate corresponding to the Activity if an Essential Pass was purchased;**
- **A lump sum equivalent to 60% of the current rate of the Activity concerned, if a Premium Pass was purchased.**

To obtain this, the Client must send a request for reimbursement by following the procedure defined in **article 4.3** below.
